**Notes:**

- If improvement is needed, then LF must co-facilitate additional modules until MCD feels LF will achieve success.
- Once CAC LF Core Training and CAC LF Online Delivery Training is successfully completed it is valid for any context (AquaGO! LF, Comp Intro LF or Comp Dev LF).
- Content-Specific Training and Co-Delivery must be completed for each context.
- As only Certified LFs are eligible for adding Online Delivery, CAC LF Evaluation has already been successfully completed and therefore is n/a in the online delivery pathway.
